Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Brama

The enveloping design and deep comfort of the Brama sofa evokes the cozy, warm atmosphere of a mountain cabin, where you can relax after a day outdoors. Its solid structure adds to the feeling of a safe, sheltered refuge. The Brama is a classic, that provides support and comfort throughout its triple power motion feature. The soft touch of the pillow topped arms provides supple comfort. After a long day or even a lazy Sunday, this is the perfect ally.

Design by Natuzzi Design Center

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Choose your Brama

The Brama project is extremely versatile thanks to its 26 SKUs that allow us to create unlimited configurations suitable for any space, from the stores to our customers' homes.

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Le Mans leather in the White color was paired with the Sfinge fabric in the Sand color. The combination of these coverings together with the ceramic & wood, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.
