Project Identity

Natuzzi Editions

The Project Identity purpose is to offer a unique working method that guarantees chromatic and stylistic conformity and preserves the Brand's DNA.

This tool represents a guide that goes beyond the offer of a product, aiming at the creation of a real project from the stores to the customers' homes.

Houston

Houston is also known as the “Space City”, with its Space Center from where dozens of NASA missions departed. The perfect inspiration for our first sofa with the revolutionary “Zero Gravity” Dual Power mechanism, which recreates the posture experienced by astronauts in a zero gravity environment.

Embrace a new philosophy of Comfort.
Feelwell combines physical relaxation
and mental balance, offering a tailor-made
wellness experience.

Design by Natuzzi Design Center

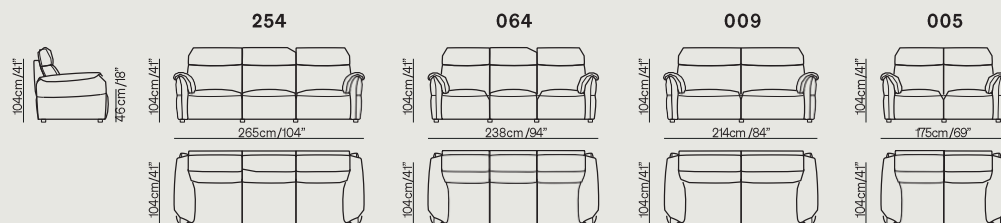

In the Natuzzi Headquarter in Puglia, the Design Center preserves the balance between design and functionality, values rooted in the brand's DNA.

Choose your Houston

The Houston project is extremely versatile thanks to its 25 SKUs that allow us to create unlimited configurations suitable for any space, from the stores to our customers' homes.

«Dual Power Motion» Mechanism

The mechanism allows you to recline the entire seat and independently adjust the headrest in order to customize your desired position.

«Zero Gravity» Technology allowing you to reach a correct posture with proven health benefits.

Power adjustable headrest

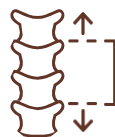

The headrest inclination can be adjusted separately for optimum head support.

USB Port to comfortably charge your devices.

Features & Benefits

By distributing weight evenly across all pressure points, the zero-gravity power motion system makes you feel weightless. It takes the pressure off your spine and can promote circulation in the legs. The definition of Zero Gravity Reclining is the ability for your legs and feet to be resting at the same level of your heart which provides proven health benefits.

Reduces pressure on the spinal column

The design of a zero-gravity seating ensures the body stays in the correct natural curvature of the spine.

Improves blood flow and circulation.

Reduces emotional stress

Zero-gravity seating lets you take a relaxing posture, allowing you some quiet time alone. This can be a useful meditation tool.

Promotes proper posture

It may be hard to maintain the right posture when reading a book for example or watching TV. Fortunately, it is possible to do this with a zero-gravity system because it is designed to take the natural curvature of your spine while still offering full back support.

Reduces muscle tension.

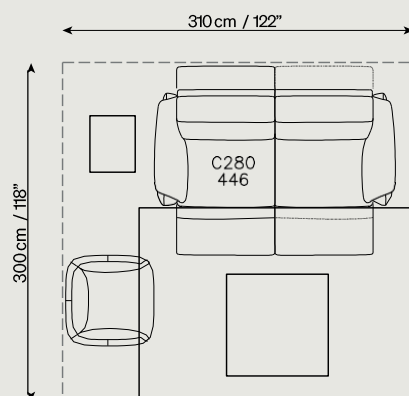

Improves lung function over time

The lung muscles become fully expandable when you use a zero-gravity relaxing mechanism. This means that blood can oxygenate the body with less energy.

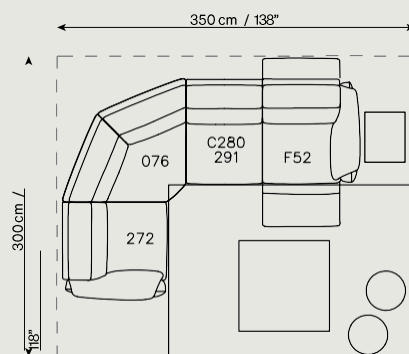

Layout examples

It's possible to highlight the versatility of the project even with different layouts, suggesting the creation of various roomsets to show the optimization of spaces in any living area.

Moodboard warm neutral & green

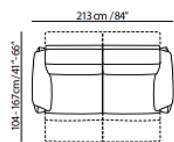

The Natuzzi Style Center carefully selects materials and coverings, putting them in dialogue with each other. In this case, the Lemans leather in the Light Grey color was paired with the Jupiter fabric in the Raw Linen color. The combination of these coverings together with the wood and ceramic, will give rise to the moodboard that will create the final total look of the project. Each model in the collection is presented with multiple moodboards to adapt to homes all over the world.
